CHALK

A light UV oil in a soft matte finish. Light brushed texture. Larger knots are filled with dark epoxy on natural grades. Chalk has light color variation consistent with the natural color of European oak. Planks are available in two unique widths and standard lengths of 6 to 8 feet.

* Wood is a natural material. The availability of specific species, grades and dimensions can vary on a month-to-month basis. For that reason, we cannot guarantee lead times on all products. This is especially true for longer lengths, wider widths and cleaner grades.

NETTLE

Fumed finish with a soft matte UV oil finish. Light brushed texture. Larger knots are filled with dark epoxy fill on natural grades. Nettle has medium color variation consistent with the natural color of fumed European oak. Planks are available in two unique widths and standard lengths of 6 to 8 feet.

* Wood is a natural material. The availability of specific species, grades and dimensions can vary on a month-to-month basis. For that reason, we cannot guarantee lead times on all products. This is especially true for longer lengths, wider widths and cleaner grades.
